

The single use solution allowing stent removal at the preferred time

Risk management Patient's discomfort

Patient's discomfort during stent indwelling

The shorter the better⁶
TO REDUCE RISK OF PAIN AND INFECTION

Flexible endoscopes are better tolerated by patients⁵

Isiris solution allows urologists to *remove stents in due time*.
No more depending on endoscopy room agenda,
decreasing delays and patient's related discomfort⁷.

- ✓ Clinical efficiency
- ✓ Risk management
- ✓ Capacity saving
